

MULTIFAMILY MARKET OVERVIEW

ANDY HIDALGO, *Senior Vice President*

Though not impervious to broad economic difficulties, the substantial influx of people moving to Florida has reduced available single-family homes in most areas, making apartments a relatively more budget-friendly option. As a result, living preferences are shifting towards a society more inclined to rent, taking advantage of the cost savings, adaptability, and lifestyle benefits. The scarcity of Class C apartments has intensified the demand for lower-tier rentals, particularly in the more reasonably priced neighborhoods in South Florida. Florida's recently enacted affordable housing legislation, the Live Local Act, through local government incentives and low-interest loans, is anticipated to incentivize developers and those considering mixed-use projects to create additional housing.
