

### OFFICE MARKET OVERVIEW

WILL GEHRING, *Senior Vice President*

Toronto's office market continues to grapple with the rise of hybrid work, evident in Downtown Toronto's foot traffic remaining 47% below pre-pandemic levels as of December 2023. Post-pandemic, office demand weakens, doubling vacancy rates since 2020 with downtown sublease space increasing, as major corporations favor modern developments over traditional buildings. Available office space now exceeds the 5-year average, reaching 42.2 million SF. Investment activity has declined, with no major downtown transactions since 2021. Pricing data indicates discounts compared to pre-pandemic levels, coupled with rising cap rates due to a higher interest rate environment.
